- **Maximum Group Size:** 12 Participants (*Minimum of 4 people to run this tour*)
- **Guide:** Edson Endrigo or André de Luca or English speaking birding guide
- **Reservation:** [avesfoto@avesfoto.com.br](mailto:avesfoto@avesfoto.com.br)

### ABOUT INTERVALES STATE PARK

The Atlantic Forest is one of the most threatened ecosystems in the world. This fantastic park is located in the Serra de Paranapiacaba, a mountain range about 280 km southwest of the city of São Paulo. Lush Atlantic rain forest on an altitudinal gradient is home to both lowland species such as the Black-cheeked Gnatcatcher and also those found at higher altitudes like Rusty-barred Owl. Intervales State Park is a great place to see birds such as Black-fronted Piping Guan, Helmeted Woodpecker, Pale-browed Treehunter, Blue-bellied Parrot, Spot-winged Wood-Quail, Red-breasted Toucan, Giant and White-bearded Antshrike, Sarrucura Trogon, Mantled Hawk, Hooded Berryeater, Black-legged Dacnis, Crescent-chested Puffbird, Squamate Antbird, Buffy-fronted and Temminck's Seedeater, White-breasted Tapaculo and Red-and-white Crake.

### DAY BY DAY ITINERARY

**July 10<sup>th</sup>** - Meet ALL the participants at University of São Paulo at **6:00am**

**July 15<sup>th</sup>** - Return to the University of São Paulo at **6:00pm**
